**Eligible Equipment:**

Natural Gas Furnace capable of reaching at least 94% AFUE .....\$200 each  
 Programmable Thermostat ..... \$25 each

**Terms and conditions:** This program provides rebates for the purchase of new, installed qualifying products listed above. The rebates are available to residential customers who are customers of Indiana Natural Gas Corporation (ING). One form must be completed for each service address in which the product is installed. The rebate cannot exceed the cost of the equipment installed. ING reserves the right to alter or discontinue the rebate offers at any time without notice. Rebate funds are limited and are available on a first-come, first-served basis. All products must comply with applicable federal, state, and local laws and regulations, including building codes, and manufacturer's specifications. All equipment must be new. Old equipment must be removed or permanently disconnected. A completed signed application and itemized invoices for materials and labor must be submitted to ING within 60 days of project completion. The invoice must indicate the date of purchase/installation, make, model, size, type, and total project cost. Please allow up to eight (8) weeks to receive rebate. Incomplete applications, including those without supporting documentation, will not be processed. ING reserves the right to verify sales receipts and/or installations of products before issuing rebates. A random inspection may be conducted to verify installations. Rebates may be subject to federal and/or state income tax reporting. Applicant is responsible for determining tax liability. ING reserves the right to deny or limit any rebate request.
